

Healthy Options Adult Population

CAHPS Questions

Global Rating

Rating of All Health Care

Q35. "Using any number from 0 to 10, where 0 is the worst health care possible and 10 is the best health care possible, what number would you use to rate all your health care in the last 6 months?"

★★★	Statistically better than the Washington average of 6 Healthy Options plans
★★	Not statistically different than the Washington average of 6 Healthy Options plans
★	Statistically worse than the Washington average of 6 Healthy Options plans

NOTE: Results presented in this report are based on the 2003 "Survey About Your Health Care" CAHPS survey sponsored by the Washington State Medical Assistance Administration. Small percentage differences represent measurement (sampling) error rather than actual differences in health plan performance. To guard against inappropriate interpretation, scores and star ratings are not displayed for plans with fewer than 85 responses for a single survey item. The bar graphs show the unadjusted proportions for each response category by health plan. The stars represent the results of statistical tests that compared health plans adjusting for age, education, and general health status. Due to rounding, some bars may not add up to 100%. Request "Detailed Methodology" for additional information.
